ISUZU CITIBUS

EURO 5

Anadolu Isuzu the one and only "Isuzu Manufacturing Management (IMM)" certified Isuzu factory in Europe.

ANADOLU ISUZU

CITIBUS

Anadolu Isuzu's 9,5 meter public transportation bus is designed to meet the requirements of old metropolises with narrow streets and for those smaller municipialities which have to serve in several transit routes including urban areas with lower populations. Today, on the other hand, most of the larger municipialities have also begun to invest on smaller buses as an economical option for their regular transit routes.

Isuzu engine in Citibus produces 204 PS and the bus has Isuzu manual transmission, also optional Allison 2100 automatic transmission. Spacious interior layout, kneeling system and an easy-to-use wheelchair ramp enhance the accessibility of the vehicle and allows a barrier-free journey for all passengers. EBS, ABS, ASR, integrated retarder, hill holder, independent air suspension and integrated CCTV system allow a safe ride for the driver and the passengers in intense city traffic.
